EXPERIENCE THE LEADING BUSINESS CONFERENCE
AND EXHIBITION FOR THE LABORATORY DESIGN INDUSTRY

THE 23RD ANNUAL

LabDesign

CONFERENCE

The Lab Design Conference is the leading business conference and exhibition serving professionals in the design, build, construction, retrofit, and management of state-of-the-art laboratories. Since 2002, the conference has provided a dynamic educational and networking forum for individuals involved in the planning, designing, engineering, constructing, and operating of laboratory facilities.

Architects, engineers, planners, and other lab professionals flock to the Lab Design Conference to learn more about best practices, lab design, engineering, market trends, sustainability, project management, collaboration, construction, and more. Attendees will also have the opportunity to tour the exhibit hall and view the latest products, developments, technologies, and process improvements.

Secure your spot today to join North America's top lab design leaders and learn from the best!

DIVE INTO THE LATEST AND GREATEST LAB DESIGN DEVELOPMENTS AND TECHNOLOGIES

- + **Learn from lab design experts** about market trends, engineering, project planning, tackling challenges, and more
- + **Optimize customer satisfaction** with a fresh take on project management and client communications
- + **Increase profitability** by learning about lab design efficiencies and best practices from internationally renowned industry leaders
- + **Think critically about the future** with presentations on sustainability, occupant wellness, and reducing lab energy use
- + **Benefit from real-world experience** through enlightening case studies on logistics design, retrofitting, structural and vibration engineering, and more
- + **Forge strategic partnerships** through invaluable networking opportunities
- + **Explore sunny Phoenix** and a beautiful conference venue with easy access to outdoor activities, shopping, gaming, and nightlife

WHY DO LABORATORY DESIGN PROFESSIONALS RETURN TO THIS CONFERENCE YEAR AFTER YEAR?

Learn from 55+ industry experts. Our roster of speakers and panelists is brimming with industry experience and in-depth knowledge of trends.

30+ Educational Sessions. Topics include sustainable design, resilience, retrofitting, industry trends, case studies, the future of lab design, and more.

Network with Experts. Build and grow relationships with experts from across all of the lab design functions.

Develop strategic partnerships. Explore the exhibitor hall to network with industry leaders and colleagues.

AIA-Accredited Provider. Earn valuable AIA Continuing Education credits and HSW credits through an official AIA education provider.

BONUS: Extend your stay an extra day and enjoy exclusive, behind-the-scenes tours of cutting-edge Phoenix-area labs!

ACQUIRE INSIDE BUSINESS INTELLIGENCE AND SEIZE OPPORTUNITIES

There are many different goals of lab design innovation. To be successful, lab design experts should address the needs of the lab facility to create spaces that can grow and thrive. Developing centers of excellence with greener, “future-proof” workspace designs provide a platform for disruptive new approaches toward research and development.

Be at the forefront of innovative concepts, benchmark practices, and business development. Your first step – this conference!

Attain crucial insights from lab design innovators:

... AND 45+ MORE!

WHAT'S ON THE AGENDA?

DAY 1 – HALF DAY OF PROGRAMMING | SUNDAY, MAY 19, 2024

Conference attendees may participate in an optional workshop on the topic of how lab environmental health, safety, and risk (EHSR) is affected by lab design and operations. This workshop is approved by AIA CES for 2 LUs/HSW credits. **Tickets for this EHSR workshop must be purchased separately from your general Conference ticket.** A welcome reception will be held Sunday evening—this networking reception is open to all Conference attendees.

DAY 2 – FULL DAY OF PROGRAMMING | MONDAY, MAY 20, 2024

The Lab Design Conference kicks off with the opening keynote session, followed by a multi-track program of educational sessions led by industry experts. The winners of the Design Excellence Awards will be honored on Monday. A networking reception will be held Monday evening.

DAY 3 – FULL DAY OF PROGRAMMING | TUESDAY, MAY 21, 2024

Tuesday's agenda features expert speakers discussing topics such as sustainable labs, current construction and engineering trends, and the future of lab design. Attendees are encouraged to bring their questions for our speakers and panelists.

DAY 4 – LAB TOURS (OPTIONAL) | WEDNESDAY, MAY 22, 2024

Optional tours of Phoenix-area labs will be offered as part of the Lab Design Conference. Join us for exclusive behind-the-scenes looks at some of the area's most innovative labs. **These tickets must be purchased separately from your general Conference ticket.**

WHAT'S ON THE AGENDA?

- + laboratory design
- + engineering
- + market trends
- + sustainability
- + project management
- + construction
- + process improvements
- + design innovation
- + reimagining spaces
- + effective renovations
- + communication strategies
- + successful project planning
- + educational lab design challenges
- + staying on budget
- + college campus design
- + repurposing aging spaces
- + attracting tenants by design
- + identifying assets and liabilities
- + retrofit planning
- + decarbonization
- + proactive design-build relationships
- + interdisciplinary collaboration
- + building for resilience
- + tackling supply chain challenges
- + building program development
- + occupant wellness

HOW TO REGISTER

 3-DAY CONFERENCE PASS	Add-Ons & Bonuses
<p>Day 1, 2 & 3 - Programming: Includes all-access to the welcome reception, two full days of programming, networking opportunities, exhibit hall, conference proceedings, meals, and the conference mobile app for the 2024 Lab Design Conference.</p> <p>Speaker Presentations: Leave with a rejuvenated sense of excitement over modern lab design by engaging in 30+ educational sessions and panels with 55+ industry experts on a wide variety of topics.</p> <p>Face-to-Face Networking: Enjoy an opening networking reception and opportunities throughout the conference where you can connect and build valuable relationships with laboratory design thought leaders.</p> <p>Conference Exhibit Hall: Explore our conference exhibit hall, which unveils valuable services and relevant products as leading exhibitors and vendors come to network and showcase their organizations.</p>	<p>Afternoon Workshop: The afternoon workshop will be led by lab safety expert Jonathan Klane on how to use data and metrics to improve lab safety culture. This workshop will take place on May 19, 2024, from 2:30 - 4:45 pm. <i>This workshop is approved by AIA CES for 2 LUs/HSW credits.</i></p> <p>OPTIONAL - Day 4: Lab Tours (additional cost): Stay a fourth day for behind-the-scenes local lab tours at your discretion. Tours will take place May 22, 2024 and include 850 PBC, Arizona State University Biodesign Institute C, and the Health Futures Center at Arizona State University. Morning lab tours depart at 8:15 am and return by 11:30 am. Afternoon lab tours depart at 12:30 pm and return by 4:00 pm.</p>
Full Conference Price: \$1,195	Afternoon Workshop: \$215 Morning OR Afternoon Lab Tour: \$195
